KEMPTON STEAM MUSEUM

Clean Water for Life Learning Resources

From Cloud to Tap: The Journey of London's Water

Choose a location for:

1. 1st pumping station (to pump river water to storage reservoir)

2. A storage reservoir (to store extracted water)

3. A filter house (to clean the water)

4. 2nd pumping station (to pump clean water to the service reservoir)

5. Covered service reservoir (to store clean water)

Mark a place on the map for each of the numbered items and add a grid reference in each box (four-figure).

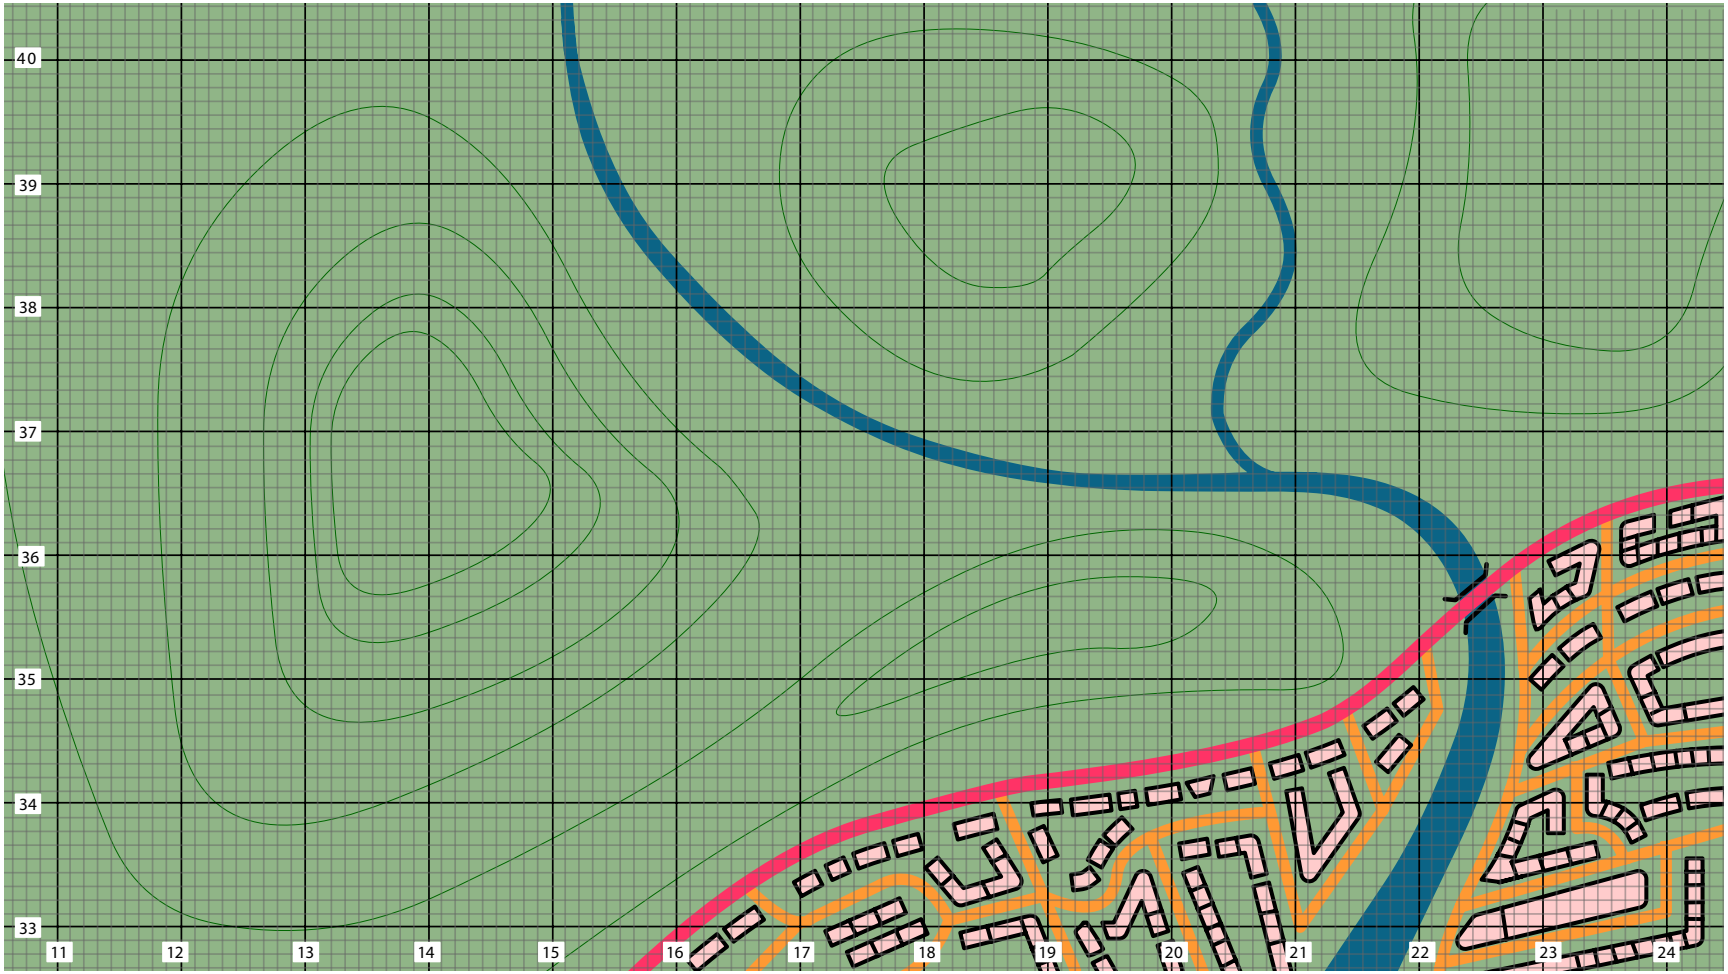

What can be found at grid reference: 22,35?
